📄 PROFILE

I'm a Front-End Developer with over 3 years of professional experience, specializing in building responsive and high-performance web applications using React, Next.js, and Tailwind CSS. I also have solid experience working with and refactoring legacy codebases, including those built with jQuery and Bootstrap.

🧠 SKILLS

Technical Skills

React | Next.js | JavaScript | Typescript | Redux Toolkit | Axios | jQuery | Tailwind | Bootstrap | UIKit css | Sass

🎓 EDUCATION

Bachelor of French Language Translation

Allameh Tabataba'i University (ATU)

2011 – 2015 | Tehran, Iran

🌐 LANGUAGES

English (Advanced) | French (Upper Intermediate)

📁 PROFESSIONAL EXPERIENCE

Saman Electronic Payment (SEP)

11/2023 – present | Tehran, Iran

At SEP 🏢, a major Iranian payment service provider, I develop modern web applications with Next.js, React, RTK, and Tailwind CSS, while also maintaining legacy systems using Bootstrap, UIKit, and jQuery. Highlights:

- **B2B Internal Panel:** Developed using Next.js, RTK, Tailwind CSS, and Flowbite. This project gave me the opportunity to learn and work with RTK Query.
- **Sep Shop 🏪:** Developed multiple new features enhancing UI and customer experience.

SAEI Group

05/2022 – 05/2023 | Tehran, Iran

At Saei Group 🏢, I collaborated with a large team on multiple projects. Implemented new features, optimized performance, and enhanced user experience using Next.js, Tailwind. Highlights:

- **MyIranCell Web App:** Delivered new features and improvements in partnership with IranCell's team.
- **Saei Group Website:** I had the opportunity to learn Next.js and Tailwind CSS hands-on and apply them in a real-world development environment.

Freelance Web Developer

02/2021 – 05/2022 | Tehran, Iran

As a freelancer, I focused on building my front-end skills through hands-on work and collaboration with experienced developers. I delivered CMS-based projects using Vanilla JavaScript, HTML, CSS, Bootstrap, and WordPress, showcasing adaptability and a strong drive to learn. Highlights:

- **Verjen Oil Website 🏢:** Implemented features, design updates, responsive fixes, and a bilingual interface.
- **Avoa Website 🏢:** Contributed to development, added pages, improved design, and resolved layout issues.
